

HYDRANT FLUSHING NOTICE

During the months of September and October, the Enon water works department will be flushing fire hydrants in the village and west Enon estates. **As a result, some discoloration to the water may occur between the hours of 8:00 a.m. and 5:00 p.m. All customers of the Enon water works system are advised to check their water before doing laundry.** Upon request, a special rust removing detergent will be made available to residents at no charge. For further information contact the Enon water works department at 864-7870. Thank you.
